Key Insights

- **"Total Sales"** – ₹1.6M from 22K units, generating a profit of ₹175K.
- **"Top Regions"** – West (33%), East (29%), and South (22%) were the leading regions in sales.
- **"Sales by Category"** – Office Supplies, Technology, and Furniture drove the highest sales, with Phones, Chairs, and Binders leading in sub-categories.
- **"Shipping Modes"** – Standard Class contributed the most to shipping revenue with ₹912K in sales.
- **"Sales Forecast"** – 15-day sales forecast leveraged time series analysis, helping anticipate sales trends for inventory planning.

Strategic Suggestions

1. Focus on "**regional campaigns**" to boost sales in underperforming areas like the South & Central.
2. Promote "**lower-revenue products**" like Storage & Bookcases through special marketing strategies.
3. Offer "**discounts**" on premium shipping (same-day or first class) options to make faster delivery modes more appealing.
4. Address "**seasonal profit dips**" with tailored marketing during slower months like May, June, July, & December.

Conclusion

1. **"Regional Focus"**: While the West & East regions are strong, sales could be increased in the South & Central regions through regional marketing or discounts.
2. **"Product Optimization"**: Categories like Storage & Bookcases need attention through better promotions or bundling.
3. **"Shipping & Delivery"**: Standard Class is popular, but incentivizing faster shipping options like same-day delivery can improve customer satisfaction.

The background is a light gray color, decorated with various hand-drawn blue doodles. These include several loops and swirls at the top, a series of vertical lines on the right side, a wavy line at the bottom center, and several checkmarks at the bottom right. There are also some scribbled shapes and lines on the left side.
